GLENMONT

2071-AGB

HUDSON VALLEY LIGHTING

The antique-inspired silhouette of the Glenmont sconce is slender and refined with machine-led hardware. Each stem features a horizonta knurl resembling a screw, adding texture and a contemporary feel to the fixture. In its one-light form, Glenmont is sleek and simplified, while the two-light version responds to the call for dual-armed sconces with a center stem branching into separate sides. Clever details like the circular loop that hooks Glenmont to the backplate accent the metalwork, which is finished in either Aged Brass or an Aged Brass and Dark Bronze combination.
