

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Screw the fixture body(6) onto the metal frame(8), then screw the glass(7) onto the metal frame(8).
4. While threading wire through, assemble the rods(5) together using the nipples(4), then attach the bottom end of the rod(5) onto the metal frame(8) until tight.
5. Secure the loop(3) onto the top rod(5).
6. Use the quick link to connect the loop(3) to the loop on the canopy(1) and twist the locking mechanism to secure.
7. Install proper bulbs(not included) into socket referring to the markings and/or labels on the fixture for maximum wattage.
8. Refer to the additional installation instructions included with the product for wiring and installation.
9. Restore power to the installation point and retain this sheet for future reference.
